A Second Opinion Saves Time and Money

A well-maintained and easy to-manage intranet is an important system for this healthcare management consulting firm to keep staff and consultants efficient in delivering exceptional client solutions. After maintaining multiple versions of SharePoint, it was time to take full advantage of a move to a feature-rich collaboration environment and standardize on a single platform. ECG Management Consultants use [Dokit Migrator](#) for SharePoint (formerly known as XPlica) for a successful migration.
